Comments

1. No 27 Armored Regiment is carried in current assessments of Chinese Communist  
 order of battle.

2. The Chinese Communist 64 Division is subordinate to the 22 Army and is  
 accepted in the Choushan Islands area of Chekiang. The strength figure  
 given would be more appropriate to a regiment; the 64 Regiment, 22 Division,  
 8 Army, however, is tentatively accepted in Shansi.

3.

4. Coordinates were given as N 21-30, E 100-45; Probably the Menglung at  
 N 21-35, E 100-40 was intended.

5. The 15 Army has not been in Yunnan since its 44 and 45 Divisions moved to  
 Korea in early 1951. The 43 Division is still tentatively carried in Yunnan.
